There is still time to place your holiday order. Biorhythm Character Analysis & compatibilities make unusual gifts.

HIDDEN HOSTILITY?

When adult children force their aged parents out of their own homes & put them in nursing homes are they doing it to get back at them? The children use excuses like "S/he was wearing dirty clothes." "S/he was living alone." "S/he was getting careless about his/her actions or habits." People with low physicals love living close to nature & that would include being dirty. We are taught to be neat & clean. When we are

kids we are made to feel "bad" if we are not neat & clean. When our parents get old we make them feel they are "senile" if they are not neat & clean. Is this our revenge? The parents taught you what they learned. They did not know any better. You did the same thing to your children.

We might not have the courage to be what is natural for us until we get old. Then we realize how unimportant a lot of this training is. Old people have finally reached the stage where they are not trying to impress anyone.

So what if the old people are living alone? Are you worried about something happening to them? It has been proven they live longer if they are not forced to move. Some of those in the #21 thru 27 emotional range love living alone. It could be the first time in their lives they get to really enjoy it & the adult children might want to take that joy away from them.

Low mental percentage people do not want to be controlled. They have to put up with it during their working years. When they retire they might refuse to take it anymore. The ones who need power will not let them get away with this so they will do what they can to keep them under control. They will be called eccentric or senile. If we make the old people seem foolish the job of keeping them under control will be easier. Those in power do not want the people gaining from the old persons wisdom. If the young are kept innocent they are more easily manipulated. You notice very few commercials

PARENTS WITHOUT PARTNERS

If you are single, divorced or widowed parent, look up your local PWP chapter in the phone book. Do not spend the holidays alone. They have something doing almost every night. I belong to the Friendly Chapter 220 in the San Fernando Valley, California.

are geared to the old because the old are too smart to fall for them.

Some old people talk about the past. When they were young they were considered worthwhile. When they get old they are considered worthless. Everyone young or old talks about their triumphs. You would not call a young person senile when they do that. When an old person talks about their triumphs they are trying to let people know they are worth something.

It is disgusting the way we treat & think of old people. It is time for them to speak up & tell the younguns how unimportant are some of the things they are taught, and to tell their adult kids to bug off. They need to stand up to these upstarts. Those whippersnappers aren't as smart as they like to think they are.

MISSING CHILDRENS ACT

50,000 children disappear forever every year. This is not counting the runaways. There is no central place to collect the information. A child can be found dead and the parents might never learn about it if the child had been taken elsewhere.

The government already has the computer. All that is needed is someone to run the computer.

There are bills before the U.S. House #3781 & the Senate #1701. It is in trouble in the House. It seems the Congresspersons do not care about children. Many of them are natural children who care mainly for themselves.

Write to your Congresspersons & Senators NOW. Ask them to vote for these bills. The

only expense to the taxpayers is to pay for someone to run the computer they already have.

MAD VINCENT

Starting Nov. 10th the play Mad Vincent by James Kennedy will preview (\$5) at the Fig Tree Theatre, 6539 Santa Monica Bl, Hollywood CA 90038, (213) 463-6893.

Actor Gregory Eton is playing the part of Toulouse-Lautrec. Gregory's personality is 90% like Toulouse-Lautrec. Eton would be very believable in the part.

General Admission is \$7 starting Nov. 17th. The play will run indefinitely.

GIBB & PRINCIPAL

Andy Gibb had sent Victoria Principal a fan letter & was finally introduced to her on the John Davidson TV show. Now they are an item. Outside of the obvious reasons why did Andy want to meet Victoria?

Andy 3-5-58	Victoria 1-3-50
Physical 6 (48%)	22 (91%)
Emotional 0 (100%)	15 (7%)
Mental 26 (58%)	6 (64%)

The personal Biorhythm numbers show Victoria is a natural child (#15 emotional) & Andy is a natural parent (#0 emotional). This combination is deadly in a marriage.

It is obvious she is a very confident woman (91% physical) & Andy is shy (48% physical). Shy men tend to wear their shirts open way down the front to show they are real men. This difference in the physical means Andy could not keep up with Victoria physically. He will feel guilty if he does not do what she wants. It will be hard for him to say no to her. While Andy saves, Victoria would spend. They are only 39% physically compatible.

There is a parent-child attraction. Victoria needs more attention than the aver-

age & Andy will try to give it to her. He can not. She needs a lot of people to admire her not just one.

As a natural child, Victoria cares mainly for herself & her wants. There would be a lot of unwarranted jealousies. They would not be considerate of the others feelings. They are only 7% emotionally compatible. They can not give the other the kind of love they need.

They are only 21% mentally compatible. This means their thinking is not on the same wavelength. There would be a lot of "You're Not listening to me." They both need to have people listen to them. There would be a lot of shouting in this relationship after they get over being polite.

These two people are only 22% overall compatible. What an unhappy relationship they will have.

Andy has a need to please and will let people use him. Victoria has a typical show business personality & will do what she can to further her career.

John Hinchley, the man who shot President Reagan is a natural parent. He wrote to Jodie Foster and talked to her several times over the phone. Jodie is a natural child. There is a strong pull between natural parents & natural children. They use each other but can not love one another.

You can order your own indepth Biorhythm Compatibility for \$14 for two birthdates (month, day and year).

LOVE YOUR LETTERS

The postage is sooo expensive. If you write to me & would like to receive a reply please enclose a stamped envelope.

REV. JERRY FALWELL

Evangelist Jerry Falwell is involved with the "Moral Majority" which happens to be a minority group. Born 8-11-33

Physical	7 (39%)
Emotional	11 (21%)
Mental	21 (27%)

When a person has all low percentages they survive by becoming good talkers. Falwell is a social-reformer-humanitarian type (#11 emotional). He feels he knows what is best for others & will try to make them do what he wants. It might not be what the others want or need. Adolf Hitler is in this emotional range. Hitler felt there was room on this earth only for the Arian race. Falwell is trying to make everyone fit into his idea of what is right. Being a do-gooder does not mean what they are doing is right for humanity. People in this range will reach out & try to make people do their bidding.

Falwell is a martyr (27% mental). He is attracted to trouble. He would say things when it would be wiser to keep quiet. He has supposedly said one can not be a good Christian & a liberal at the same time. I do not understand that reasoning because a liberal cares for all not just a few. He is saying a good Christian does not love all. He is a know-it-all. He wants the last word.

You can order your own Biorhythm Character Analysis for \$9 each birthdate (month, day and year).

DEVOTED FAMILY

The father was ill in the hospital. Wife & daughter came to visit him often. The nurses said they never saw such a devoted family. It is true they all love one another. They are emotionally compatible & they all are natural children who need a lot of attention. They made a big show when they went to visit because they had a

captive audience.

Different personalities can love just as much or more but do not have to show off to get the attention of the nurses and doctors.

CREDIBILITY GONE

Phyllis Schlafly needs attention so much that she does not care who she hurts. Recently she told a Senate Labor Sub-Committee, women bring sexual harassment upon themselves in their working place. "When a woman walks across a room, she speaks with a universal body language that most men intuitively understand. Men hardly ever ask sexual favors of women from whom the certain answer is 'No'. Virtuous women are seldom accosted by unwelcome sexual propositions or familiarities, obscene talk or profane language."

Just about every man on the Senate Labor Sub-committee, any male who sexually harasses women & most every woman will know Schlafly is out of touch with reality.

What makes her tell these

stories? Born 8-15-24

Confidence & Physical 1 (91%)
Emotional 18 (29%)
Mental 4 (76%)

She does not lie on purpose. She does not know what is real or what is not. She is a born actress, a natural child who lives in a fantasy world (#18 emotional). She needs attention & will do anything to get it. She might have gotten into the womens liberation movement from the beginning but she was still raising her large family. When they did not need her at home anymore she looked around for her attention getter. Seeing that the womens movement was going strong she decided going against it would get her the stardom she needs.

Men tend to sexually harass women who are shy, one who will not make trouble for them. Schlafly has a lot of confidence (91%). She would be a very sexy woman & would not feel harassed. A woman who is not very sexy would. Schlafly can say no & make the man feel it where the shy woman can't. Phyllis is so bound up in her own little world that she has no idea what it is like for others.

When Schlafly was young she was a housewife & mother. It is the young women mainly who are harassed. She went out into the business world when her children were grown. Men are not so likely to harass the older woman (57% years old) or the confident woman & she

is both. Seems she missed something in life. She reminds me of the fading star Gloria Swanson played in Sunset Boulevard. Her biorhythm numbers shows she was meant to be a STAR & she is doing it at others expense.

One woman said about Schlafly "She is so destructive she is worse than Adolf Hitler."

Schlaflly gets called before these male committees because they want to listen to a woman who will say what they want to hear.

This time she was caught with her foot in her mouth. They will know what she said was not true because that Subcommittee knows what the truth is.

Doctors might say someone who tells stories like Schlafly does is mentally ill but she is not. She is living in her own little world and that is natural for her.

NIKOLA TESLA - born 7-10-1856
Physical 11 (4%)
Emotional 26 (86%)
Mental 27 (64%)

Tesla was one of the worlds greatest electrical inventors. He found he could solve the

worlds energy problems and could supply free energy to the whole world. This terrified those in power. They considered Tesla a dangerous person to want to give to others FREE. All the receivers would need to provide would be a good ground & antenna.

"They" made him change key words in his patents. "They" treated him as a nonperson & isolated him. That was why he did not do it. Because of the Xerox machine. Now they can get copies & distribute the information. What is done in this age is to treat these genius'as if they are crazy & ridicule them until people will shun them & not believe what they are saying.

People who need power are going to get it & keep it.

Tesla lacked confidence (4% physical). He felt insecure. It would have been extremely difficult for him to fight back. He cared about people & things (#26 emotional). He needed to have people listen to him (64% mental).

Russia is starting to use Teslas' ideas. That will make the U.S. appear to be in the dark ages as far as energy is concerned. We do not need those dangerous nuclear plants.

Those in power want them to make money off us. They do not care about us. If they

cared they never would have built them in the first place.

REAGANS FAVORITE TV PROGRAM

Pres. Reagans favorite TV program is "Little House on the Prairie." The program shows the whole family working and doing things together. Reagan is a natural parent & would like to see every family together. He does not like see women working outside the home. The home (White House?) is a natural element for himself and for Nancy.

For LAW SUITS to be equal, neither side should be allowed to spend more for a lawyer than the other one can afford.

Biorhythm Character Analysis & Compatibility can help you LET GO OF THE PAST.

Children who can not tolerate living with their parents have to turn to prostitution or drug selling to survive because because the law does not permit them to hold jobs.

By teaching a child to eat everything on their plate you are programming that child to become fat.

Don't think about ALL you have to do. Just concentrate on what you are doing at the moment.

Dressing like a slob never comes into fashion because no one makes money from that.
